The 'Cry Me A River' Lick is a very useful lick to know

(Lick #6 in Cambridge Saxophone's 10 Licks in 10 weeks Course)

\*Remember this is just in one key, once you get this correct, go into other keys\*

Here it is in C minor

With the C minor Chord added in front it sounds great...

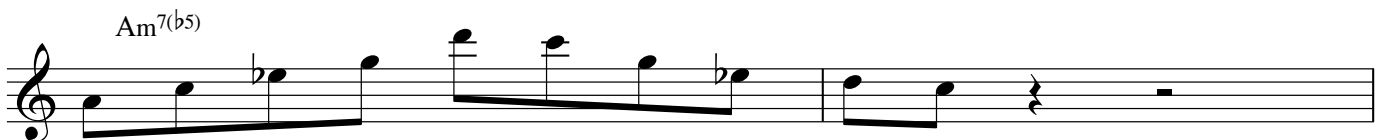

With the SAME lick over the B7 we get the B 'Altered Dominant'

#9 b9 #11

It also works on Am7b5

& Abmaj7

& F7

& Fm7

& Ebmaj7

Finally Dsusb9
